

# HOW CAN I COMMENT ON THE RECIRCULATED SECTIONS OF THE DRAFT EIR?

The following sections of the Draft EIR have been recirculated for public comment:

- *Updated Traffic Section*
- *Updated Cultural Resources Section*
- *New Greenhouse Gas Emissions Section*
- *New 86-unit Equestrian Estates Alternative*
- *New 221-unit Residential Alternative*

It's important that everyone who cares about saving the Verdugo Hills Golf Course reads and comments on at least one of the Recirculated Sections. **The close of public comments is February 3, 2016.**

To get your copy of the Recirculated Sections, go to:

Or go to: <http://gcvoice.org/verdugo-hills-golf-course/where-are-we-with-the-eir/> and click on the appropriate links. Once you the page has opened, scroll down to the bottom, click on the Down Arrow to begin, and then click on GO.

You can also review the Draft EIR at the Sunland-Tujunga Branch Library at 7771 Foothill Boulevard, Tujunga, CA 91042

- You do not have to comment on every Section. Pick the one that you know the best. Compare the Revised Section to the Original Section in the Draft EIR. To find the Original Draft EIR go to: <http://planning.lacity.org/eir/VerdugoHillGolfCourse/DEIR/DEIR%20Verdugo%20Hills%20Golf%20Course.html>
- Ask yourself, "Why did they recirculate this section of the EIR? Are they showing more impacts than originally? Are they showing fewer impacts?" Either way, do you agree with the revised Section?
- Bring up all possible objections and concerns that you have about the Revised Sections of the EIR.
- Your comments should be as clear and explicit as possible and include the factual information or legal theories upon which they are based.
